Reasons for Creating the Plan

Minturn's Historic Preservation policy is detailed in Chapter 19 of Minturn's Municipal Code. The purpose of this chapter is to enhance the Town of Minturn's local resources and to promote historic preservation through the following efforts:

- The protection and preservation of the Town's architecture, culture, and heritage as embodied in Historic Properties and Historic Districts by appropriate regulations and incentives
- The stabilization of historic neighborhoods
- The establishment of the Town's Historic Register listing Historic Properties and Historic Districts
- The cultivation of civic pride in the art, architecture, and accomplishments of the past
- The encouragement of continued private ownership and utilization of such Historic Properties or Historic Districts now so owned and used
- The promotion of thoughtful community planning and design
- The provision of educational opportunities to increase public appreciation of the Town's unique heritage.

How to Use the Plan

Minturn's Historic Preservation Plan is a guide for taking steps toward strengthening Minturn's heritage through a focused set of initiatives which will result in the fostering of the intent and the execution of the above-cited purposes. This Plan is not a regulatory document, but rather an education tool for promoting and fostering all aspects of historic preservation in Minturn.

This Plan is divided into the following sections: **Introduction, Historic Preservation Process & Timeline, History and The Plan**

Historic Preservation Process & Timeline

Minturn's History

Just two miles south of I-70, and only 10 minutes from Vail and Beaver Creek, Minturn, Colorado is the historical gem of the Vail Valley area. A funky old railroad town developed in the late 1800s, Minturn's quaint shops and old Colorado architecture offer a peek at the past while the town bustles with contemporary business activity and attractions.

Unlike their neighbors at Vail and Beaver Creek, Minturn's oldest families settled at the confluence of Gore Creek and the Eagle River in the late 1800s. Some created homesteads and farmed the land, while others mined silver, gold, lead and zinc in the mountains high above town. With the arrival of the Denver & Rio Grande Western Railroad in 1887, Minturn quickly developed into a booming crossroads for transportation and industry. By the turn of the century, a growing population of mining and railroad workers and their families raised the demands for business and services in town. In response, Minturn was incorporated on November 15, 1904.

Minturn has adapted to several major changes in the local economy over the decades, including the development of Vail and Beaver Creek ski resorts, the closing of the Gilman mine, and the abandonment of rail lines through Minturn. Despite this transformation from the Old West to the new, Minturn maintains its distinctive character, architecture, and quality of life.
